Admission Policy

We ask that you arrive at the test center 15 minutes before your scheduled appointment time. This will give you adequate time to complete the necessary sign-in procedures. If you arrive more than 15 minutes late for an exam and are refused admission, payments are due for the exam and delivery fees.

Prior to entering the testing room, candidates are identified and processed for admission by the Test Administrator.

Please be prepared to show two (2) valid forms of personal identification. Expired personal identification is not valid. The first and last name that you have used to register must match exactly the first and last name on both of the IDs that are presented on test day. All IDs required must be issued by the country in which you are testing. If you do not have a primary ID issued from the country you are testing in, a passport from your country of citizenship is required, along with a secondary ID. You will be required to present two forms of original (no photo copies), valid (unexpired) IDs; one form as a primary ID (government issued with name, photo, and signature) and one form as a secondary ID (with name and signature).

This exam admission process also includes the following Enhanced Security Protocol admission steps:

- Digital Signature
- Digital Photograph

You will not be allowed to take any personal items with you into the testing room. This includes all bags or purses, books, notes, personal computers or devices, cell phones, pagers, watches and wallets.
